

## Total Wellness

### MIND

*Healthy minds need stimulation and socialization. We achieve this through interactive games, activities, and educational experiences. And, our staff provides residents with caring companionship.*

### BODY

*We work on preserving and building strength through appropriate exercise and great-tasting nutrition customized to residents' needs so our seniors can live each day to their fullest.*

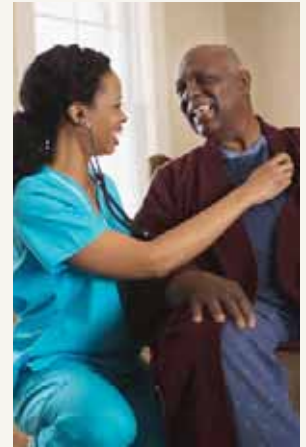

### SPIRIT

*We offer continuing opportunities for new experiences through thoughtfully planned activities, holiday parties, pet therapy, and religious services for those so inclined. We also offer senior yoga classes and guided meditation.*

## What We Do

We create the best possible experience for our seniors by employing caring, attentive, and compassionate team members who treat our residents as a family that we care for in their home.

Our 26-bed community is clean, homey, and comfortable, incorporating state-of-the-art safety equipment and industry-leading staffing ratios.

Bellerose offers opportunities to build meaningful friendships without feeling "lost" in the crowd. Private and semi-private accommodations are offered at flat-rate pricing that includes assistance with all Activities of Daily Living (ADLs).

We offer complete continuity of care options for nearly all levels of need, including hospice and dementia care. Bellerose offers end-to-end support for seniors and families--from answering questions, assisting during transitions, monitoring and safety, and proactive communication. You'll see that's the difference at Bellerose is CARING.
